COLLAPSIBLE LARGE VOLUME BOXES
Smartbox series

food safe

- Optimal control of the available space
- **Go from a minimal volume to a maximal volume in only 4 simple actions**
- Fast built up, safe stacking and extremely functional
- For general industry and for agro-food applications
- Not suitable for liquids
- 5 to 12% extra space because of the specific construction of the sides
- **54 or 66% more free space in case of empty transportation (depending on model)**
- Material: polyethylene (HDPE) without metallic pieces, so 100% recyclable
- Completely smooth, hygienic inner sides, easy to clean
- Extra reinforcements; general stack resistance: 7000 kg
- Colour: ivory colour with black base
- Standard range: 2 dimensions, 2 heights, equipped with 2 runners
- **Many options: feet instead of 2 skids, lid, personalization, label holders, access door**
- On demand: with 3 runners (C3 and F3 series)
- Not an article on stock

TRANSPORT UNDERCARRIAGES
Budget Line Euronorm 600 x 400 mm

ABS frame

- Transport undercarriages for euronorm crates 600 x 400 mm and 400 x 300 mm
- Frame made of impact-proof ABS
- Galvanized forks
- S/S fixation materials (screws, ball-bearings, ...)
- Outlet openings in the corners
- Swivel castors (without brake) with rubber tread
- **Load capacity: 150 kg (indicative)**
- Recess depth (28 mm) keeps containers perfectly in place

PB-9999-4EE	ABS + RUBBER
Transport undercarriage with 4 rubber swivel castors + galvanized forks	
Ext. dim.	L 610 x W 410 x H 160 mm
Colours	● ● ● ● ●
Packing	80 pcs/pallet (CP1)

Outlet openings in the corners & reinforced castor fixations

Euronorm stacking containers with optional hinged lid see p. 65

PP frame

- Transport undercarriages for euronorm crates 600 x 400 mm and 400 x 300 mm
- Frame made of polypropylene
- Galvanized forks
- Outlet openings in the corners
- Castors: standard polyamide (nylon)
- **Load capacity: 125 kg (indicative)**
- **Load capacity PB-9999-DS: 175 kg (indicative)**
- Recess depth (28 mm) keeps containers perfectly in place

PB-9999-4E	PP + GALVA
Transport undercarriage with 4 standard polyamide swivel castors + galvanized forks	
Ext. dim.	L 610 x W 410 x H 160 mm
Colours	● ● ● ● ●
Packing	32 pcs/pallet

PB-9999-2F	PP + GALVA
Transport undercarriage with 4 standard polyamide swivel castors (2 with brakes) + galvanized forks

ANTI-SLIP FLOOR TILES
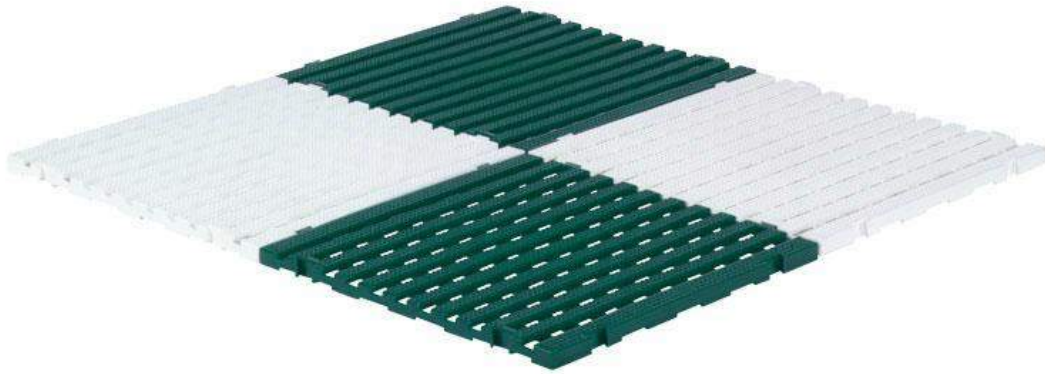

ANTI-SLIP FLOOR TILES
Gastroplus®

food safe

- Professional tiles for floors in coldrooms, kitchens and general workspaces
- **Vented, so water/moisture drains to the floor, but stocked goods stay dry**
- Easy to remove for cleaning
- Anti-slip, prevents from slipping, more safety
- Also usable outside coldrooms (-40°C to +60°C)
- Load capacity: 250 kg/m

- Ideal for stocking low above, but still off the ground (ideal for heavy elements)
- The perfect addition for standard racks which are placed in coldrooms
- Tiles can be mounted perfectly on to each other
- Cold and frost resistant
- **Comfortable: lessens fatigue symptoms in feet and back while doing standing work**

i Simply clicks into one another

PB-915	HDPE
Floor tile (hard)
